Dear Dinyar,

We want to extend our most heartfelt gratitude and appreciation to you and your entire team for designing and building our dream home – from the gorgeous design of the house itself to the intricate details of the interior design all the way to designing the gardens and landscape.

Having carefully considering several local architects, we selected you and your firm based upon your successful track record of building other similar sized homes in the Greenwich market and your strong reputation in the industry. The confidence that we had in you and your firm served us well surpassing our highest expectations. We cannot thank you enough for listening to all our thoughts and taking the time to understand what we value, what is most important to us and how our family functions in order to design the perfect home for us. Your personal attention was something that we did not imagine or expect – you were truly there with us for every step of the journey. You personally took the time to get to know us and to unearth what we really wanted and then made sure that we got exactly that. Astonishingly, this unsurpassed level of personal attention and the insights you gave based on your wealth of experienced proved to be hugely beneficial from a cost perspective as well making our home to be of exceptional value. Great service at a great cost is something that every client seeks and we are so pleased to have received that with you.

We can't express our appreciation enough for your guidance, whether it was on where to place the house to be mindful of the trees on the property or the practicality of kids' spaces and storage. Friends who visit our home often ask how we thought to add all of the specific design features. Our simple response is "Dinyar advised us to do so!" Our friends also have a hard time believing that we were able to juggle three young kids under the age of 5 while also having a home built. But with you, we never had to worry about the details as Wadia Associates always had it completely under control.

We are thrilled that we get to bring up our family in this beautiful setting. We are also beyond grateful to have had the opportunity to get to know you, as you are truly an amazing person, with incredible ethics, and are now someone that we truly consider to be a close friend of the family.

Sincerely,
