Dear Dinyar:

I want to convey to you how pleased we are with the Wadia team. The house you designed and built on Smith Ridge Road a few years ago has given a great deal of pleasure and satisfaction to our entire family.

The layout meets our needs perfectly. We thoroughly enjoy the country eat-in kitchen which is so warm with its beamed ceiling, handmade tiles and French doors. The two-story entrance hall with the stained glass skylight well is so subtle and elegant. We love the Palladian window at the head of the stairs which is in perfect proportion to the entry hall and fills our house with light. I am particularly fond of the panelled study. Everyone loves the moldings and exquisite fireplace mantels, custom kitchen cabinets, beautifully finished floors and all the other details. Charlene and I love the master bedroom and bath suite. The large maples which you nurtured during construction impart a feeling of permanence and dignity to our house which we enjoy greatly.

From the day we first met you until today we have been impressed with the first-class professional manner which you, personally, and your staff have dealt with us. In this era of dwindling services to the customer you have a well deserved reputation for a high level of commitment to the quality of your product. Consequently, I am very pleased to recommend your organization to anyone contemplating adding on to or remodeling a house.

Sincerely yours,
